New

- ◆ The MAM Easy Start Self-Sterilising Bottle Set offers an easy switch between breast and bottle.
- ◆ The patented Skin Soft teats are silky soft and provide a familiar feel for babies.
- ◆ This set also includes a 0-2 month soother, an extra soft bottle spout and a Hold My Bottle handle.

### ANTI-COLIC

- ◆ MAM baby bottles feature an innovative vented base for an even drinking flow, so your baby isn't swallowing air.
- ◆ This can reduce colic in 80% of cases.

### SELF-STERILISING

- ◆ The Easy Start Bottle self-sterilises in 3 simple steps, so you can safely sterilise bottles at home or on the go.
- ◆ Simply heat your MAM baby bottle in the microwave with 20ml of water and in 3 minutes it's safely sterilised.
- ◆ This means there's no need to pack a steriliser or extra bottles and teats when you're out and about.

### SKIN SOFT SILICONE TEATS

- ◆ These baby bottles feature patented teats, made with Skin Soft silicone. Not only are they the ideal shape for babies, but the soft lip rest makes it easier for your little one to feed.
- ◆ Plus, these options allow extra-slow drinking flow for safer feeding.

# WELLNESS FOR MUM

Seven Seas Omega-3 & Immunity has been specifically developed to support your immune system with Vitamin D, Vitamin C, Zinc & Selenium.

Omega-3 supports major organs in the body, helping them to function normally such as the heart, brain and eyes. Omega-3 is essential because the body can't produce it and can only get it through outside sources such as diet and supplements. Vitamin C, Vitamin D and Zinc support the normal function of the immune system.
